BE WHERE THE ORIGINAL IS UBIQUITOUS.

Wild water, forests shrouded in legend, secluded river valleys and customs steeped in tradition. Our home is here in the Northern Black Forest. On the outskirts of the spa town of Bad Herrenalb with its healthy climate and perched on a steep slope, our semi-circular hotel is nestled harmoniously in the idyllic Black Forest landscape. It boasts an almost 180-degree panoramic view over the roofs of the spa town that extends as far as the lofty mountain ranges and wide valleys all around. Ideal for a change of perspective and consciously feeling like you're "on the top of the world, looking down on creation".

ARRIVE AT A PLACE WHERE THE MOMENT HAS A DIFFERENT QUALITY.

As soon as you arrive, you'll sense it – the feel of the Black Forest. Profound, powerful, genuine and original. All those who want to amplify their quality of life on a higher level discover their inspiration in the search for a healthy balance and inner peace in the SCHWARZWALD PANORAMA. The special atmosphere – marked by a zestful attitude to life – lets you experience an intensely refreshing time, delightful moments and hours of activity, creativity and conviviality.

We are one of the hotels chosen by Green Pearls® for sustainable, hand-picked & unique sites around the world that are committed to consciously working with people and the natural world.

WAKE UP IN COMFORT THAT IS IN A HARMONIOUS BALANCE WITH NATURE.

Our interiors are defined by warm colours, natural materials and clear forms and lines. Whether your room is located on the mountain or valley side, you will enjoy a unique and first-hand view of the natural environment with superior 4-star furnishings that guarantee an excellent night's sleep. In any case, a balcony or sun terrace with awning lets you recharge – your batteries with plenty of fresh Black Forest air.

LA VIE – WHERE YOU NOTICE THE FINER THINGS IN LIFE.

La Vie – life. Take a seat and get right in the thick of it! In our restaurant, you can enjoy clever and fresh delicacies from typical regional and international cuisine. Warm colours and natural materials disseminate an unobtrusive and sophisticated ambience. In the summer months, our panorama terrace invites you to taste seasonal culinary highlights, coffee and aperitifs under the open sky.

ENJOY FOOD THAT TASTES AS GOOD AS IT LOOKS.

As sure as eggs are eggs, we have a connection with the natural world. Untreated ingredients and a refined gentle preparation ensure unadulterated enjoyment that will make your taste buds dance. Quality, seasonal freshness and regional sources combined with passion, prowess and a love for detail let you experience a sensual interplay of original flavours, aromas, colours and textures à la nature. A high-quality and balanced diet, certified organic quality and slow food are the “core ingredients” of our recipes.

Bioland

When choosing our ingredients, we comply with the strict guidelines produced by Bioland, and we cooperate with suppliers who are recycling-oriented, operate without synthetic fertilisers and treat their animals humanely.

WHERE BLACK FOREST ORIGINALS ENCOUNTER NEW INTERPRETATIONS ...

Our Lädle gift shop offers Black Forest specialities and typical craft and natural products. Originals such as cuckoo clocks, fruit schnapps or kirsch can be found here, as can extraordinary reinterpretations: Black Forest air in cans, Black Forest rubber ducks, Black Forest whiskey and other products from old and new Black Forest manufacturing
